## ABOUT

Detail-oriented and analytical SQL Developer with a strong understanding of relational databases, query optimization, and data analysis. Adept at writing efficient SQL queries, managing large datasets, and ensuring data integrity. Seeking an entry-level role where I can contribute to designing, developing, and maintaining high-performance database solutions.

## SKILLS

**Databases:** SQL, PL/SQL, Oracle SQL, MySQL

**Programming:** Python (Pandas, NumPy, Matplotlib)

**Tools:** Git, GitHub, MySQL Workbench, Oracle SQL Developer

**Data Skills:** Data Cleaning, Data Manipulation, Data Visualization

**Other:** Query Framing, Microsoft Excel

## PROJECTS

### Analyzing Restaurant Review Data

Performed data analysis on restaurant reviews using Python (Pandas), including cleaning, normalization, filtering, and data visualization. Extracted insights on customer sentiment and rating trends through statistical methods.

### Netflix Originals Data Analysis (MySQL)

Analyzed Netflix Originals dataset using advanced SQL queries (JOINS, GROUP BY, HAVING, etc.) to extract insights on genres, IMDb scores, and content trends. Gained hands-on experience in data analysis and reporting.

## EDUCATION

### Bachelor of Computer Application (BCA)

Bakliwal Foundation College Of Arts, Commerce & Science - Navi Mumbai, Maharashtra

CGPA: 9.88 | 2025

### CBSE HSC (Science) – SVGMS Sumerpur, Pali, Rajasthan

Percentage: 89.00 | 2022

### SSC – JDT Secondary School, Malad, Mumbai, Maharashtra

Percentage: 89.00 | 2020

## CERTIFICATION

### Data Analytics– 15 Hours

Bakliwal Foundation College of Arts, Commerce & Science

Ranked **2nd** among participants | Conducted by Prof. Mohammed Umar Shaikh | Apr 2025

### SQL for Data Analytics

Internshala Trainings

Completed certified training in SQL, focusing on data querying, filtering, joins, and aggregation. | May 2024
